- Materials to support medical staff at Public health center (Puskesmas), local government of village, sub district, regency and province for Batch 2, until middle of October 2020 is still proceed at POD. It is estimated to be distributed to concern parties on November 2020.

V. Lematang Lestari School Activities

A. Kindergarten

- New academic school year 2020/2021 is began on July 13, 2020. The headmaster of Kindergarten informed to the parents and the teachers to make a whatsapp class group to support learning from home via online application. The teachers also give the learning material via video call group or zoom meeting.
- During July – September 2020, continue learning from home for students and work from home for teacher and headmaster due to covid-19 pandemic. Through the online application, the teacher provides directions to children while learning at home accompanied by parents. After getting direction from the teacher, children can

practice the direction from the teacher and it is documented by the parents to be reported to the teacher as an assessment.

- Materials of learning from home to the children related to clean and healthy lifestyle (PHBS/Perilaku Hidup Bersih dan Sehat) such as the children are taught to always brush their teeth after eating, help their parents to maintain the cleanliness of the housing and to love the other living creatures, such as plants and animals by feeding the fish and watering the plants.

- Improve the knowledge of teachers regarding children psychology through joining the web seminar of Early Psychological Support for Early Childhood Parents that conducted by Center of Early Childhood Education and Community Education Development of South Sumatera Province on September 05, 2020 and September 10, 2020.

B. Elementary School

- On July 13, 2020 the new school is began. The principal of the Lematang Lestari elementary school provides outreach to new students about the school environment through the WhatsApp group to get to know more closely on the new school environment.

The principal shared the welcoming video to know the new school environment closely

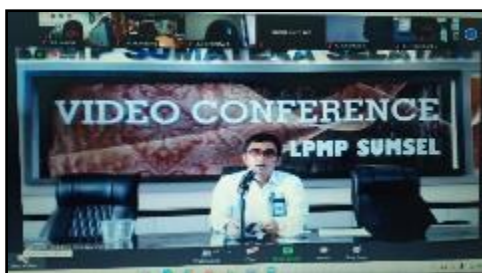

- Continue learning from home for students and work from home for teacher and headmaster due to Covid-19 pandemic. The teachers make an online class group with the student's parents to explain the subject online or share the learning video and assignment. The online class groups are always monitored by the principal. Then the parents will send the picture of learning process when the students did their tasks to the teachers in the online class group.

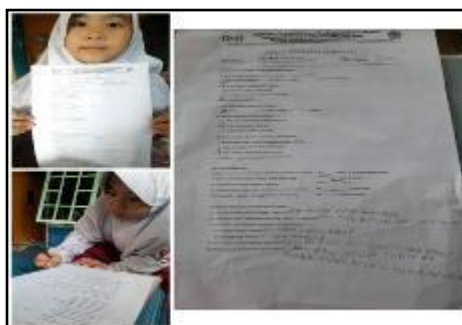

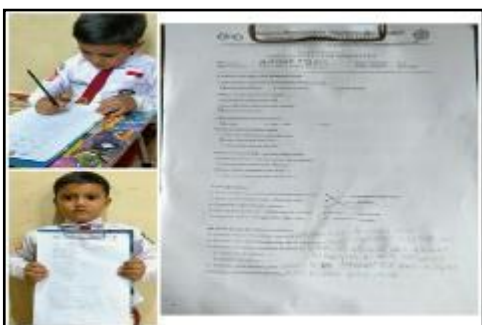

- Online training / Webinar followed by the teachers during July – September 2020 to improve the skill and knowledge of the teacher, such as Online National Workshop One Teacher One Android Application, How to Use Microsoft Teams, Home Learning Activities Assignment for Elementary Schools, etc. Those webinar is conducted by Government of Education and Culture Institute, Public or State Universities, etc.

- On August 24, 2020 one of Lematang Lestari Elementary School teacher received the 3rd winner in Elementary School category of Learning Video Competition in commemoration of Indonesian Independence Day conducted by the Education Quality Guarantee Institute in South Sumatra Province with 1253 learning video participants.

- In September 21-23, 2020 all the student of Lematang Lestari Elementary School is participated in the middle odd semester examination at their own homes. The teachers sent the exam via online class group and should be done according to the specified time by students.

C. Junior High School

- In Lematang Lestari Junior High School, the new academic school year is began on July 13, 2020. All of the student have the online class grup to support the online learning from home. They received the online explanations and tasks from the teachers via online class grup or they joined the zoom class from the specific subject teachers.

- During work from home, the teachers also participated in some online trainings/web seminars that conducted by the government of education and culture, university or the other education institute, such as Online Education "English teaching during pandemic, problem and solution by PGRI University Palembang, Online Education and Training How to Use Telegram, Google Form, Google Class Room held by Indonesian Teacher Association of South Sumatra Province, etc.

- Lematang Lestari Junior High School achieved the 4th Winner of Bahasa Face School Competition in Province Level that participated by 90 schools on aug 07, 2020. The bahasa face school competition is conducted by South Sumatra Language Institute and our schools are advancing to national level competition.

- Student Admission Registration Part 1 for the employees' children via online is performed on May 18-21, 2020 and re-registration is held on early of June 2020.
- Conduct the middle odd semester examination for all students of Lematang Lestari High School on September 28 – October 2, 2020. The examination are done by online system at home for the health and safety of teachers and students.
